

## Contact the NCF board

Chair: Nick chair@sa-ncf.com

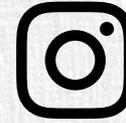

Secretary: Lena secretary@sa-ncf.com

Treasurer: Nienke treasurer@sa-ncf.com

Internal Affairs Officer: Evy internal@sa-ncf.com

External Affairs Officer: Duco external@sa-ncf.com

## NCF social media

---

## GA

A big thank you to everyone who joined us on March 12th for our second GA. Luckily, it was not as dry as the last time, but instead we have some exciting news! The GA officially approved our logo as well as all committees who have now finished their trial period. Furthermore, the beer brewing committee has started their trial period. We think it was very successful and if you did not have the time to join, the slides and transcript will be shared with you soon.

---

## Student housing

As we are already reaching term 4 and thus the end of the academic year, first years will need to start looking for a place for the upcoming year while second and third year students are interested in renting out their current accommodation. Therefore, you can find a Google sheet on Nestor in which you find or fill in available accommodation. We think this is a great opportunity to help each other out here at Campus Fryslân!

---

## Job vacancies

As one of the aims of NCF is to also support its members professionally, we looked into offering you internship opportunities with external relations such as the Water Campus but also internally providing you with small part-time jobs. That is why we reached out to staff to announce when they would need help with tasks such as tutoring, babysitting or anything they can come up with! They can hand in these 'job vacancies' and you can find them on our Nestor organization under 'Job vacancies'. If you want to earn some extra money and are interested in helping out our staff then they would be happy for you to contact them. Unfortunately, so far, staff seems a bit reluctant which we discovered is related to the current COVID situation. Nonetheless, we will continue promoting it, and we think it will be more widely used if COVID measures are lifted and new teachers arrive.

## Pub Quiz with the Social Club

---

Together with the social club and student assessor we held a PubQuiz on March 10th for the entire campus. We tested our knowledge on diverse topics, most importantly in recognizing the faces of Campus Fryslan's staff members! It was a very fun evening, and you got to know staff and teachers from a very different perspective.

## Joint Event with Caerus

---

Caerus is the Study Association of the University College Groningen and has helped us, the Board, a lot in establishing everything. Since the students at UCG have a similar small-scale learning experience, we, the Caerus and NCF Board, think it would be great to collaborate together on a fun event, to break the bubble and get to know new faces. Therefore, we are looking into a joint online event and more information will hopefully follow soon!

## Events and Activities

---

First of all we would like to emphasize how incredibly happy we are to see so many committees becoming active. We really hope to keep up this spirit and good work and therefore the Board wants to contribute to organizing events or providing support as well.

## NCF's Nestor Organization

---

Since WhatsApp messages get lost easily in the daily flow of information and emails aren't checked as regularly, we will try out Nestor as an additional platform. On Nestor everyone, members and non-members, will be able to see our announcements, thus, we are planning on using our Nestor organization to communicate community wide events, establish ourselves at the faculty and attract more members! We have already used it for offering student job vacancies as well as for providing a platform to help you find student housing that are offered by students at our campus. If you have not seen it, check it out and let us know what you think about this additional platform; we welcome any ideas on how to use it most efficiently.

## Website, Logo and Email-Adresse

---

After the GA approved the logo for NCF, the website is finally getting ready as well. You can find our website under [www.sa-ncf.com](http://www.sa-ncf.com) and can already create an account. For the future this will be the official way to sign up for the membership and payment will also be done via this website. In addition, with the improvement of the website, the issue of committee email addresses is being solved, so that they too will be under the host domain 'sa-ncf.com'. Committees have recently handed in their names for the email addresses and the first ones are already being used.

## External contacts

---

Our External Affairs Officer, Duco, has been very busy lately. He got to meet with the Water Campus, Water Alliance and the municipality. While there are no concrete outcomes yet, it seems to be the start of some promising connections that can provide us with guest lectures, connections to professional fields in the topic sustainability, and hopefully internships. Furthermore, we got to meet with UCSRN, the national representation of all University Colleges of the Netherlands of which all study associations of other Dutch University Colleges are members. They are very eager for us to become part of their network as well, however, due to very high membership fees we are still negotiating with them. Lastly, we are bonding with IBOS and Leeuwarden Student City which are great ways to connect to the rest of Leeuwarden's student community.

## Master Market

---

On February 17th we finally got to invite you all to the Master Market organized by the Board in collaboration with UCG's Career Service. We were very pleased to see so many familiar faces, although gather.town was quite an unconventional meeting forum. However, we hope you had as much fun as we did and also received some helpful information. As we are considering making the Master Market a yearly event, it would be helpful to let us know what you liked about it and how it could be improved.

## NCF board Positions Application

---

With the final term of this academic year around the corner, it is time to start the application procedure for the NCF Board positions for the upcoming academic year. Therefore, we welcome everyone to consider applying to be a part of our next NCF board! If you are interested in any of the board position please fill in the Google form provided. We will get in contact with you to specify the next steps of the application process for each individual position.

If you have any questions regarding the positions please feel free to reach out to our current board members:

Chair: Nick chair@sa-ncf.com

Secretary: Lena secretary@sa-ncf.com

Treasurer: Nienke treasurer@sa-ncf.com

Internal Affairs Officer: Evy internal@sa-ncf.com

External Affairs Officer: Duco external@sa-ncf.com

If there are any questions regarding the board positions or the application procedure in general, feel free to contact us via email internal@sa-ncf.com or via WhatsApp +31642372701

The deadline for applying is the 22nd of April 2021

Warm regards,  
The Application Committee

## PR Committee

---

Hey there NCF community!

As you might have guessed from our name, we are responsible for NCF public relations.

We promote events organized by the other committees or those of interest to NCF members.

We also design and coordinate this very newsletter. An exciting addition to our task-field will

be that with the new logo, we will provide the NCF community with the first NCF merch!

We want to make the process as inclusive as possible, which means your feedback, ideas and input are highly needed. A Google form is coming where NCF members are free to provide us

with any Ideas regarding merchandise. Overall, we aim to spread the name Nobis Cura Futuri across Leeuwarden and make this association an essential part of our study experience. We are excited to promote all of the great events to come and to grow together as a community!

## CRISM Committee

---

Hello NCF Community!

We are the CRISIM Committee; responsible for any events related to MUN and Crisis simulations (a certain MUN format). Think of debating in the style of the United Nations; in different committees and councils, representing a nation state on a certain topic. Have you ever wondered what kind of thoughts and ideas go through the head of a world leader, what decisions they make at a split second and their impact on tens of millions of lives? This is why our main task has been setting up preparations for an extensive crisis simulation that we would like to host in the next academic year, which is why you may not have heard of us yet.

An event of this scale requires logistics, the organization of the simulation scenarios, financing and media & marketing. Due to the span of organizing such an event, we are currently looking for extra members who are willing to become part of one of our teams to help us set this up.

Interested? Do you have any questions? Please contact us at [crisim@sa-ncf.com](mailto:crisim@sa-ncf.com)

## ConnACT Fryslân

---

The ConnACT Fryslân committee is aiming to create a network of seniors (65+ years old) who are dedicated to local climate action in Friesland! We do that by empowering them in our (still online) workshops to become sustainability ambassadors. At the moment, we have 4 seniors who completed the workshop and are now taking climate action. They are all very cute and approachable! We want them to connect to you, students, and we want you to get inspired and motivated by these empowered seniors and give them new perspectives. A win-win situation.

We are looking for:

Buddies for a senior who wants to promote sustainability

We have a project from a very young senior, Douwe, who wants to make libraries the place where seniors can get information on climate action. For example, information on where to begin in making a home more sustainable. Douwe is very independent and driven and would like to get your support and inspiration. Your contribution will consist of joining Douwe in a conversation with the library or brainstorming on how to apply this concept to libraries in Friesland.

Language: English or Dutch.

Time load: 2-4 hours per month. We will first inventarise who is interested.

Extra workshop host

We are looking for an extra Dutch-speaking host for our workshop in April (3x 2 hours). Are you a bit assertive and ready to talk with seniors about sustainability? Then, this is an opportunity for you! The workshop is led by 3 to 4 hosts.

## SIS Committee

---

The SIS (Support for International Students) committee is working on instructions how to apply for exemption for trash and sewage taxes, housing allowance, DigiD, and bank accounts. We are also working on supporting future GRL students before and after their arrival. Don't hesitate to contact us via: [ncfinternationalscommittee@gmail.com](mailto:ncfinternationalscommittee@gmail.com)
